

Since I started giving to the Adrian College Annual Fund, I always find a parking space, I won a turkey in a raffle, the cat didn't eat the hamster after all...

It's true. Giving to the Adrian College Annual Fund was one of the best decisions I ever made. Not only do I feel great, but the College can maintain its top-notch facilities and keep students studying. Everyone wins!

I'd always heard the Annual Fund was important to our alma mater, but I didn't pay much attention. Then, one day one of those clever Adrian College students called and explained that the College can't meet its most basic operating expenses without Annual Fund support. Well, I made my pledge then and there. No College of mine is going to have anything but the best!

Do yourself a favor - make a pledge to the Adrian College Annual Fund and see how much better you feel. Just return the enclosed envelope with your gift check, or do what I do, and have your contribution deducted automatically via Electronic Funds Transfer.

Giving to the Annual Fund couldn't be simpler, and it really pays off.  
Take it from me ...

*Ima Giver*

*And more than  
100 students a  
year have been  
able to stay in  
school.*
